

Amendments to the Written Description

Please amend the written description as follows:

The paragraph beginning on page 3 at line 22:

This object is specifically solved by the method ~~according to claim 1, the data processing means according to claim 13 or 15, respectively, and the system according to claim 16~~ described herein.

The paragraph beginning on page 3 at line 25:

Another aspect of the invention is to modify, if possible, images that do not observed the criteria such that the respective modified images of persons observe the criteria. ~~For this purpose, there are provided the method described in claim 12, the data processing means according to claim 14 or 15, respectively, and the system according to claim 16.~~

JP 3/1/10

The paragraph beginning on page 3 at line ³⁰~~29~~:

~~Advantageous embodiments of the invention are given in the dependent claims.~~

The paragraph beginning on page 8 at line 16:

The invention furthermore provides a data processing means configured to execute the inventive verification method ~~according to claim 4~~ or the correction method ~~according to claim 12~~, respectively, or to execute both methods. The data processing means may be, e.g., a CPU that reads digitized image data from a memory, processes the image data and outputs the processed image data or the results of the verification or correction methods, respectively.
